

HONOR CHORUS Guidelines/Procedures 2019

Honors Chorus students were selected from the 621 students that auditioned to form the finest Elementary School Chorus in the state. Whether or not the chorus performs to its potential depends upon two factors:

1. Thorough preparation of the music before arriving in Winston-Salem.
2. Maximum self-discipline and cooperation during the two days of rehearsal and performance.

Please adhere to the following guidelines that will be strictly enforced to insure a quality experience and performance.

1. Teachers must register their students Saturday morning and may not register until all students who are physically participating have arrived. Once you have registered your students they need to go into the rehearsal area and stay there. Search for the bag with your school's name.
2. Singers will be given a name tag to be worn at rehearsals and in the hotel to identify them as Honors Chorus members and record their attendance.
3. Singers must attend every rehearsal, arriving early, never late.
4. A curfew of 10:00 PM is strongly suggested to insure proper rest for the performance.
5. Singers whose behavior interferes with a rehearsal will be dismissed from the chorus. This will be enforced all the way up until the performance.
6. Cell phones should be taken by the directors at the beginning of each rehearsal. Any student caught with a cell phone during rehearsals will have it taken away and given back at the end of the day.
