Student Online Safety: During this time of unprecedented need for virtual/online instructional materials, the first consideration for use must be student safety. To that end, NAFME and NCMEA recommends:

- Children under the age to 13, have adult permission before accessing any online resources
- Students and/or families do not provide any identifying information to gain access to the resources – free or paid

Don't worry, be Appy!

- Active assessments and cool tools for communication in the 21st century music classroom: This session will give you a few ideas to add to your digital tool belt for easy data collection, fun assessments, and engaging study tools, as well as information and pro tips on digital communication methods like ClassDojo and Remind.

- Presenter: Amber Tindall** has been teaching general music in Burke County since 2016, having taught in Union County for 6 years prior. She was welcomed onto the NCMEA technology committee in 2019 and is happy to share her knowledge and experience with other music teachers across the state.

Please ask your questions in the chat or Q & A. Everyone will be muted for the presentation, but we will have the opportunity to share ideas and comments during certain “hands-on” portions of the material. We will have one hour of “Office Hours” at the end of the presentation, however this time is optional. Office hours will be a time for me to answer more questions you may have. Amber Houk may be able to answer your questions in the chat. Often, she may have an answer I hadn’t thought of!
