Flipgrid

# What is Flipgrid?

Flipgrid is a website that allows teachers to create "grids" to facilitate video discussions. Each grid is like a message board where teachers can pose questions, called "topics," and their students can post video responses that appear in a tiled grid display.

## What are other educators saying?...

Just a glimpse of my “First Day of School” station rotations. The kids are reviewing the syllabus, establishing community norms, and using Flipgrid to pronounce their names/nicknames. 💙💛

My son is a reluctant writer. But, he came home yesterday so excited! His teacher at Hillwood Middle inspired him by allowing him to read his final draft aloud on @Flipgrid. He even created a blooper reel. He wants to use @Flipgrid every day!! Thank you Ms. Meno! @KellerISD
