- The session is being recorded and will be available to all participants within a few days.
- You will be asked to answer a short survey at the end of the session.
- The content being presented in the webinars are to be used as guidance and as a resource. NCMEA does not endorse specific products.
- During this time of unprecedented need for virtual/online instructional materials, the first consideration for use must be student safety. To that end, NAFME and NCMEA recommends:
