→ All groups should perform TWO compositions chosen from the current *North Carolina MPA Repertoire List*. One must be from a classification as registered, and a second may be at the same level or one level above. A third may be of the director's choice. A director may not repeat the same repertoire with the same ensemble during any four-year period for high school groups, or during any three-year period for middle school groups.

→ Groups receiving ratings for grades III - VI will sight read as part of their rating.

→ Adjudicators cannot work with any ensemble participating in the same region that they are judging from the start of second semester to MPA. Any exceptions due to unusual/unforeseen circumstances must be approved by the State Orchestra Section Chair.

→ Click this link to the [NCMEA Orchestra Section: Western Region MPA](#) website page which includes an MPA List of Pieces (updated 11/29/23), MPA List of Additions and Edits, Sight-Reading Criteria and information, past sight-reading examples, and more!

→ There are 3 site locations with different dates. You will choose your 1st and 2nd preferences and the location that is not within travel distance to your school.
